*Because You Matter*

**MORRIS**  
CARE

# Our Values

## **We are family orientated**

We work from a simple philosophy of  
Excellence as Standard

## **We are respectful**

Our nursing respects dignity, privacy and independence

## **We are professional and compassionate**

We provide care across a full spectrum of needs

## **We are a home from home**

We offer a loving and safe environment –  
a home where life doesn't stop living

## **We are innovative**

Our pioneering Cedar Philosophy is  
delivering life-enhancing results

## **We are expert clinicians**

What sets us apart is the quality  
of our complex care

# Welcome to Isle Court

Here at Isle Court, we take great pride in the quality of the care we provide: a warm, friendly and sociable environment, where our residents' health and happiness sits at the heart of everything we do.

Since 2008, our Home has been integral to life in the local community and we have built a reputation for providing excellent care for the elderly, the disabled and those living with dementia.

Highly trained care teams go the extra mile every day to ensure residents are well looked after and are able to continue living fulfilling lives, where their dignity is respected and independence nurtured.

# The Way We Care

## Dementia Care

Our specialist dementia care is captured through our Cedar Philosophy, which looks holistically at each person, their wellbeing and nursing needs. We create a sense of belonging in a calm and caring environment, enabling residents to live to their own timescales.

## Complex Care

Our teams deliver the highest standards of care for complex symptoms, from brain injuries to Parkinson's disease. They are also able to provide core medical interventions to minimise admission to acute hospital where relevant.

## Palliative Care

Our palliative care aims to improve and enhance the quality of life for those living with long term illnesses and life limiting conditions. Our nurses and carers are trained within the National Gold Standards Framework (GSF) which ensures they provide outstanding clinical and emotional end of life care.

## Disability Care

We don't let disability define a person. Working closely with Clinical Commissioning Groups (CCGs) and Social Services, we provide those with severe disabilities the care they need in comforting surroundings. Our staff are specially trained and residents are encouraged to lead fulfilling lives, interacting within the Home and where possible, developing and maximising their independence.

## Elderly Care

Our later life care respects the dignity, privacy and independence of every resident and can be every bit as fulfilling, sociable and enjoyable as living at home.

## Respite and Recovery

Whether you need a few days off from caring for a loved one or are looking for quality, post-operative care to get you back on your feet, respite and convalescent care can be a much-needed short or long term option.

“Later life  
deserves the  
same respect,  
dignity and  
care as the  
beginning”

Lucy Holl  
Chief Executive  
Morris Care

# Location

Isle Court is located in the small village of Bicton, Shrewsbury. Surrounded by open fields, the Home boasts some breath-taking views. Isle Court is just a short drive from Shrewsbury town centre and is easily accessible from the A5.

With 79 luxury en-suite bedrooms, residents experience a real home-from-home in a safe and warm environment.

---

# Relaxation

The bright, airy sitting rooms are focal points of the Home. Here residents can enjoy a morning cup of tea, socialise with their visitors or simply read the newspaper.

The surrounding gardens offer space for relaxing in the sunshine, taking in the scenery and even a spot of gardening on warmer days.

---

# Social Wellbeing

Isle Court is not just a place to live but a place to socialise. There is a monthly programme of activities released in the 'Isle Court News' which includes everything from pancakes on Shrove Tuesday and a Gardening Club, to live music in the lounges and Summer BBQ's. The activities are organised by the dedicated and creative Social Life Coordinator, who also leads weekly games, crafts and movement to music classes.

Activities offer the chance to mix with other residents, family and friends, if you so wish.

---

# Forget Me Not

Our specialist 'Forge Me Not' area in the Home is sympathetically designed to help those living with dementia. There are individually coloured bedroom doors for each resident, non-reflective glass on pictures and un-patterned carpets to promote a sense of calm and safety. A sensory and relaxing Spa Room provides a therapeutic and enjoyable experience with a specialist bathing system, ideal for those with reduced postural control.

## Getting to Know You

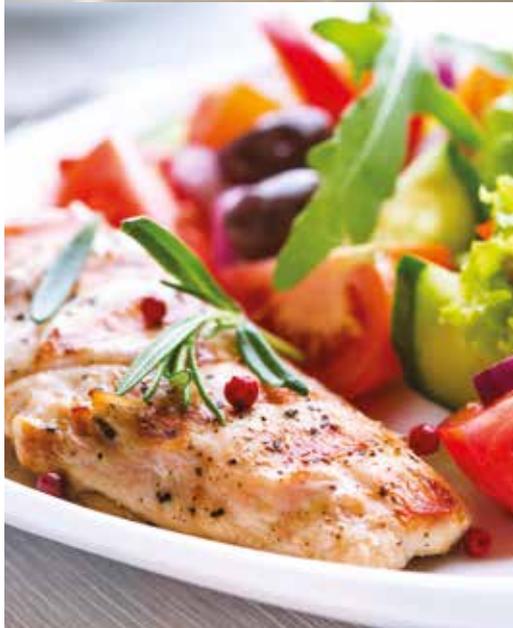

We take time to get to know our residents and their families. It's important that we share memories and life achievements and give everyone a voice. It helps us to get to know what makes each resident unique - not just their medical requirements.

# A Little Bit of What You Fancy

Mealtimes are always a highlight of the day. Our food is home cooked on the premises and we always use fresh, seasonal ingredients to provide nutritious meals tailored to meet the needs of all our residents.

Our chefs like nothing better than dishing up our residents' favourite dishes and welcome suggestions and encourage them to share their recipes.

# Residents' health and happiness sits at the heart of everything we do

# Every Home is Part of Our Family

We have been delivering outstanding care in Shropshire and Cheshire for over 25 years.

Our care teams are trained to the highest of standards and work together to provide the best possible care in a welcoming and safe environment. We are constantly evolving and looking at new and innovative approaches to caring for the elderly, the disabled and those living with dementia.

What sets us apart is the quality of our complex care, rehabilitation and pioneering dementia care, all delivered within elegantly designed, sociable Homes. From sensitive respite stays to disability care, we can create the right care package, in the right Home, for you or your loved one.

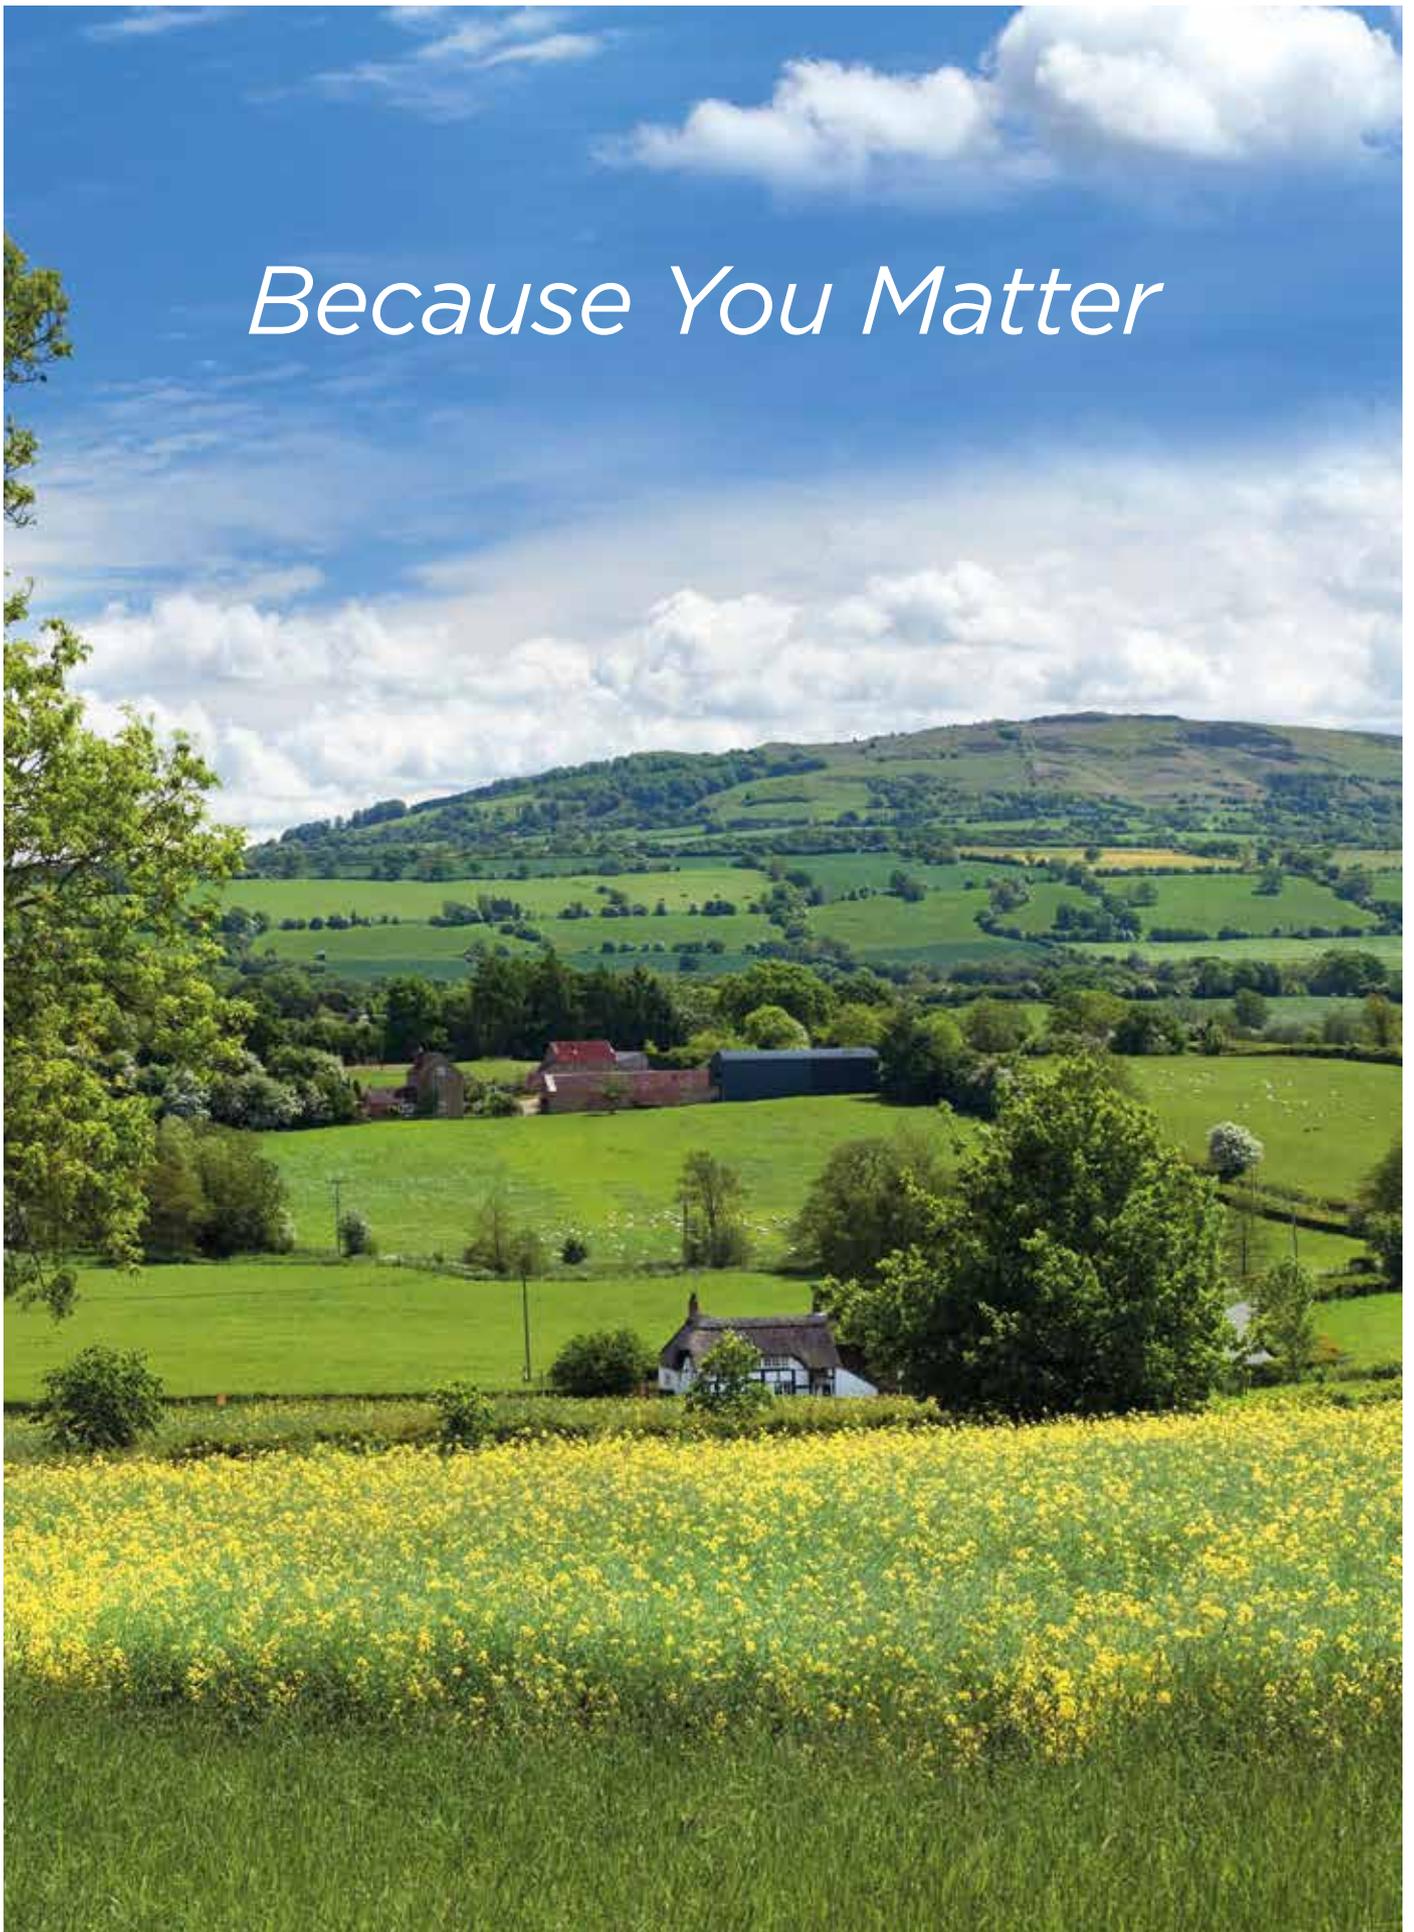

Our compassionate and skilled team of Home Managers, Registered Nurses, Nursing Assistants and Care Assistants nurture the dignity and independence of every resident, understanding that no one knows them better than they know themselves.

Whatever your need, even if you are not sure what that is, we are here to advise. Please get in touch to arrange a visit. We would love to hear from you.
