CARE

# Our Values

## **We are family orientated**

We work from a simple philosophy of  
Excellence as Standard

## **We are respectful**

Our nursing respects dignity, privacy and independence

## **We are professional and compassionate**

We provide care across a full spectrum of needs

## **We are a home from home**

We offer a loving and safe environment –  
a home where life doesn't stop living

## **We are innovative**

Our pioneering Cedar Philosophy is  
delivering life-enhancing results

## **We are expert clinicians**

What sets us apart is the quality  
of our complex care

# Welcome to Radbrook

Here at Radbrook, we take great pride in the quality of the care we provide: a warm, friendly and sociable environment, where our residents' health and happiness sits at the heart of everything we do.

Since 1989, our Home has been integral to life in the local community and we have built a reputation for providing excellent care for the elderly, the disabled and those needing respite care.

Highly trained care teams go the extra mile every day to ensure residents are well looked after and are able to continue living fulfilling lives, where their dignity is respected and independence nurtured.

# The Way We Care

## Palliative Care

Our palliative care is about managing and relieving distressing symptoms and it aims to improve and enhance the quality of life for those living with long term illnesses and life limiting conditions.

## Disability Care

We don't let disability define a person. Working closely with Clinical Commissioning Groups (CCGs) and Social Services, we provide those with severe disabilities the care they need in comforting surroundings. Our staff are specially trained and residents are encouraged to lead fulfilling lives, interacting within the Home and where possible, developing and maximising their independence.

## Elderly Care

Our later life care respects the dignity, privacy and independence of every resident and can be every bit as fulfilling, sociable and enjoyable as living at home.

## Respite and Recovery

Whether you need a few days off from caring for a loved one or are looking for quality, post-operative care to get you back on your feet, respite and convalescent care can be a much-needed short or long term option.

“Later life  
deserves the  
same respect,  
dignity and  
care as the  
beginning”

Lucy Holl  
Chief Executive  
Morris Care

# Location

Radbrook Nursing Home sits in the heart of Radbrook Green in Shrewsbury. Close to several amenities, the Home is very much a valued part of the local community. Purpose built in 1991, Radbrook was Morris Care's first Home and continues to provide excellent care over 25 years later.

The Home has 43 bedrooms, five spacious sitting rooms and a large dining room.

# Relaxation

The sitting rooms are focal points of the Home. Here residents can enjoy a morning cup of tea, socialise with their visitors or simply read the newspaper.

# Social Wellbeing

Radbrook is not just a place to live but a place to socialise. There is a monthly programme of activities released in the 'Radbrook Reporter' which includes everything from pancakes on Shrove Tuesday and visits from therapy dogs to live music in the lounge and visits to Radbrook Community Centre. The activities are all organised by the dedicated and creative Social Life Coordinator who also leads weekly games, crafts and movement to music classes.

Activities offer the chance to mix with other residents, family and friends, if you so wish.

## Getting to Know You

We take time to get to know our residents and their families. It's important that we share memories and life achievements and give everyone a voice. It helps us to get to know what makes each resident unique - not just their medical requirements.

# A Little Bit of What You Fancy

Mealtimes are always a highlight of the day. Our food is home cooked on the premises and we always use fresh, seasonal ingredients to provide nutritious meals tailored to meet the needs of all our residents.

Our chefs like nothing better than dishing up our residents' favourite dishes and welcome suggestions and encourage them to share their recipes.

# Residents' health and happiness sits at the heart of everything we do

# Every Home is Part of Our Family

We have been delivering outstanding care in Shropshire and Cheshire for over 25 years.

Our care teams are trained to the highest of standards and work together to provide the best possible care in a welcoming and safe environment. We are constantly evolving and looking at new and innovative approaches to caring for the elderly, the disabled and those living with dementia.

What sets us apart is the quality of our complex care, rehabilitation and pioneering dementia care, all delivered within elegantly designed, sociable Homes. From sensitive respite stays to disability care, we can create the right care package, in the right Home, for you or your loved one.

Our compassionate and skilled team of Home Managers, Registered Nurses, Nursing Assistants and Care Assistants nurture the dignity and independence of every resident, understanding that no one knows them better than they know themselves.

Whatever your need, even if you are not sure what that is, we are here to advise. Please get in touch to arrange a visit. We would love to hear from you.

Call us today on 01743 232005.
