

MORRIS
CARE

Stretton Hall

All Stretton, Shropshire

Set in the picturesque Shropshire Hills in the village of All Stretton. Our residents enjoy inspiring views, friendly care and restaurant style dining

ACCREDITED TRUSTED AWARD WINNING

We Care

“I want Stretton Hall to be recognised as the number one choice in the area for people who are going to make the transition to a nursing home. We go the extra mile every day to ensure the clinical standards of our home exceed expectations.”

Rhea joined the Morris Care family back in 2014 as an Overseas Nurse. She qualified as a nurse in the Philippines and successfully completed a second degree in International Nursing when she moved to the UK. Combined with her vast clinical experience, Rhea enjoys regular interaction with residents and their families and places high value on forming long-lasting, positive relationships.

Rhea Paller, Home Manager
Stretton Hall

Quality Care and Luxury Living

Set in the heart of the village of All Stretton, Church Stretton, the Nursing Home provides exceptional standards of day, short and long term care for frail older people, with specialist care for those who are mentally frail, and palliative care for the terminally ill.

The 18th century Hall has been redeveloped by Morris Care to create 50 luxuriously appointed single bedrooms all with en-suite facilities, as well as state of the art equipment. Bedrooms are spacious and some retain original period features, whilst others overlook the beautiful Shropshire Hills.

The home houses cinema rooms and a restaurant. Elegant sitting and dining areas are an ideal meeting place for residents to socialise, entertain their friends and relatives and to pursue individual pastimes.

Tailored to You

We pride ourselves in treating each resident as an individual, with the dignity and respect they deserve, ensuring our staff have the time and resources to get to know the residents they are caring for.

We celebrate the independence of each resident in our home whether it's through the personal care programme you receive, your food and dietary choices, or, even through your Lifebook - a personal journey, detailing key events and milestones through pictures.

Our teams have been trained to the highest standards to care with compassion and sensitivity as well as having the correct skill set to manage your wellbeing. Our care services are individually designed and tailored to meet and support your needs.

Social Wellbeing

Day to day life should be enjoyable and they say variety is the spice of life. At Stretton, this enjoyment can often be found when watching a good film, enjoying an afternoon tea at our summer parties, by having a day out with friends or simply by maintaining a sense of independence.

At Stretton Hall we have a dedicated social life coordinator who is part of the core care team. The Social Life Coordinator's role is to ensure that the quality care and compassion you receive from the nursing staff is supplemented by a focus on your social wellbeing.

If you need five minutes to yourself, you can enjoy our landscaped grounds and beautiful views or you can while away the day watching the sunset over the idyllic Shropshire fields.

These activities offer the chance to mix with other residents, family and friends, as you wish, but importantly help to maintain a fulfilling daily lifestyle to create new stories and continue to learn new skills, which is essential to the care we offer at Stretton.

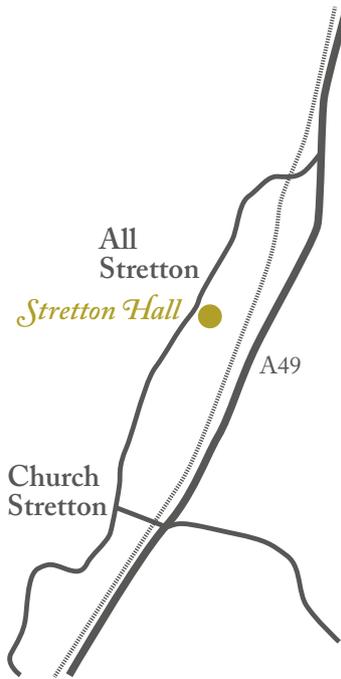

Clinical Excellence

“At Morris Care we continue to lead and deliver the highest standards of clinical care and first rate nursing. I work closely with all our clinicians, local GPs and health authorities to further ensure we deliver clinical excellence and enhanced resident care and experiences across all our homes.”

Sue Austin, Chief Operating Officer
Morris Care

Stretton Hall Nursing Home

All Stretton, Shropshire, SY6 6HG
