We offer a loving and safe environment –
a home where life doesn't stop living

We are innovative

Our pioneering Care Philosophy is
delivering life-enhancing results

We are expert clinicians

What sets us apart is the quality
of our complex care

A warm welcome to Radbrook

Here at Radbrook, we take great pride in the quality of the care we provide: a warm, friendly and sociable environment, where our residents' health and happiness sits at the heart of everything we do.

Since 1989, our Home has been integral to life in the local community and we have built a reputation for providing excellent care for the elderly, the disabled and those living with dementia.

Our highly trained care teams go the extra mile every day to ensure residents are well looked after and are able to continue living fulfilling lives, where dignity is respected and independence nurtured.

I look forward to welcoming you to this lovely Home and our wonderful caring team where new friendships can be made and new activities enjoyed.

Lucy Holl
Chief Executive

The Way We Care

Nursing Care

Our nurse-led care in later life helps with everyday living and respects the dignity, privacy and independence of every resident and can be every bit as fulfilling, sociable and enjoyable as living at home.

Dementia Care

Our specialist dementia care is captured through our Care Philosophy, which looks holistically at each person, their wellbeing and nursing needs. We create a sense of belonging in a calm and caring environment, enabling residents to live to their own timescales.

Complex Care

Our teams deliver the highest standards of care for complex symptoms, from brain injuries to Parkinson's disease. They are also able to provide core medical interventions to minimise admission to acute hospital where relevant.

Disability Care

We don't let disability define a person. Working closely with Clinical Commissioning Groups (CCGs) and Social Services, we provide those with severe disabilities the care they need in comforting surroundings. Our staff

are specially trained and residents are encouraged to lead fulfilling lives, interacting within the Home and where possible, developing and maximising their independence.

Palliative Care

Our palliative care aims to improve and enhance the quality of life for those living with long term illnesses and life limiting conditions. Our nurses and carers are trained to provide outstanding clinical and emotional care.

Respite and Recovery

Whether you need a few days off from caring for a loved one or are looking for quality, post-operative care to get you back on your feet, respite and convalescent care can be a much-needed short or long term option.

Day Care

For those feeling lonely and want to meet new friends, try new activities and enjoy fresh home cooked food, our day care could be just the right support at the right time for you.

Garden Suite

We take time to get to know our residents and their families. It's important that we share memories and life achievements and give everyone a voice. It helps us to get to know what makes each resident unique.

For respite, short or long-term care

Location

Radbrook Nursing Home sits in the heart of Radbrook Green in Shrewsbury. Close to several amenities, the Home is very much a valued part of the local community. Purpose built in 1991, Radbrook was Morris Care's first Home and continues to provide excellent care over 30 years later.

The Home has 59 bedrooms, five spacious sitting rooms and a large dining room. The Garden Suite has ten luxuriously appointed rooms with private lounges and spa bathing.

Relaxation

The sitting rooms are focal points of the Home. Here residents can enjoy a morning cup of tea, socialise with their visitors or simply read the newspaper.

Our beautifully landscaped courtyard garden is private and peaceful, making it the perfect place to relax.

Social Wellbeing

Radbrook is not just a place to live but a place to socialise. There is a monthly programme of activities released in the 'Radbrook Reporter' which includes everything from pancakes on Shrove Tuesday and visits from therapy dogs to live music and visits to Radbrook Community Centre. The activities are organised by our dedicated Social Life Coordinators who also lead weekly games, crafts and movement to music classes.

Activities offer the chance to mix with other residents, family and friends, enjoying new hobbies and making new friendships.

Getting to Know You

We take time to get to know our residents and their families. It's important that we share memories and life achievements and give everyone a voice. It helps us to get to know what makes each resident unique. Our Family & Friends Hub on our main website keeps you up to date with the latest news.

Dale Wright, General Manager

A Little Bit of What You Fancy

Mealtimes are always a highlight of the day. Our food is home cooked by our professionally trained chefs, on the premises. We always use fresh, seasonal ingredients to provide nutritious meals tailored to meet the needs of all our residents.

Our chefs like nothing better than serving up our residents' favourite dishes and welcome suggestions and encourage them to share their recipes.

Residents' health and happiness are at the heart of everything we do

Every Home is Part of Our Family

We have been delivering outstanding care in Shropshire and Cheshire for over 30 years.

Our care teams are trained to the highest of standards and work together to provide the best possible care in a welcoming and safe environment. We are constantly evolving and looking at new and innovative approaches to caring for the elderly, the disabled and those living with dementia.

What sets us apart is the quality of our nurse-led care, rehabilitation and pioneering dementia care, all delivered within elegantly designed, sociable Homes. From sensitive respite stays to disability care, we can create the right care package, in the right Home, for you or your loved one.

Our compassionate and skilled team of General Managers, Registered Nurses, Nursing Assistants and Care Assistants nurture the dignity and independence of every resident, understanding that no one knows them better than they know themselves.

Whatever your need, even if you are not sure what that is, we are here to advise. Please get in touch to arrange a visit. We would love to hear from you.
